

DR. BRANDON ALEGRE

# SMILE WITH STYLE

Dr. Brandon Alegre Practices The Art Of Cosmetic Dentistry

**N**o matter what your dental needs are—implants, veneers, porcelain crowns or tooth-colored fillings, teeth whitening, Invisalign, or smile makeovers—Brandon Alegre, DMD, is the professional to see.

Dr. Alegre, a graduate of the University of Florida, finds the artistic and creative aspect of cosmetic dentistry the most appealing and rewarding.

“Cosmetic dentistry is truly an art,” he explains. “It’s a creative skill and a part of dentistry that reflects how artistic you can be. Not everyone enjoys it, but I find the outcomes very rewarding. Improving the aesthetics of someone’s smile can help them feel better and improve their self-confidence.”

Dr. Alegre and his team use the most advanced technology—for the benefit of all involved.

“Our charts are electronic and all of our imaging is digital,” explains Dr. Alegre, a Boston native who grew up in South Florida and returned after completing his residency at the Bay Pines VA Medical Center in St. Petersburg. “We utilize computers to take all of the X-rays. The technology simplifies procedures and helps my patients understand what treatment is needed and why they need it.”

“We strive to make visits as much of a pleasant and comfortable experience as possible, and look forward to continuing to meet the dental needs of our community.”

Before every procedure, Dr. Alegre makes certain that he takes his time explaining things carefully to his patients—for which they’ve expressed their appreciation time and time again.

“I feel that this is very important because often times, patients have felt apprehen-

sive when they would visit the dentist. They had a fear of the unknown, so being thorough with my explanations helps my patients feel comfortable.”

Dr. Alegre looks forward to the continued growth of his private practice in Boca Raton, while also staying involved in the community. He is most proud of the level of service, skills, and care that he and his team provide.

“We strive to make visits as much of a pleasant and comfortable experience as possible, and look forward to continuing to meet the dental needs of our community.”

The office of Brandon Alegre, DMD, PA is located at 7301 West Palmetto Park Road, Suite 206B, Boca Raton. For more information, call 561-347-0105 or visit [alegredentistry.com](http://alegredentistry.com).
